## 1.0 SUBMISSION FOR PLAN VIVO CERTIFICATE ISSUANCE

The tables below summarize information relating to carbon credits from the Trees of Hope project being presented for consideration for Plan Vivo certificate issuance. Tables 1.1 and 1.2 show credits as “forward purchased” and “unsold stock” respectively.

**Table 1.1: Forward-purchased Plan Vivo certificates.**

Volume forward sold (tCO <sub>2</sub> )	Total Sale Price (\$) <sup>1</sup>	Total number of producers/ groups	Total area (ha)	Technical specification applied	Price to community (\$/tCO <sub>2</sub> ) <sup>2</sup>	% Price to reach communities as PES
550		15	1.52	Dispersed Systematic inter-planting (DSI)		55%
			1.2	Woodlot		
			2.42	Citrus orchard		
			1.48	Mango orchard		

**Table 1.2: Submitting for “unsold stock” of Plan Vivo Certificates**

Volume of unsold stock (tCO <sub>2</sub> )	Total number of producers/groups	Total area (ha)	Technical spec applied	Price to community (\$/tCO <sub>2</sub> )
2000	30	1.3	Dispersed Systematic Inter-planting (DSI)	
		41 (100m units)	Boundary planting	
		10.52	Woodlot	

<sup>1</sup> Pricing information has been removed by the Plan Vivo Foundation

<sup>2</sup> This information is used to assess whether the project benefit sharing structure is as laid out in the PDD.

## 2.0 SALES OF PLAN VIVO CERTIFICATES

Table 2 below shows Plan Vivo Certificates being applied for and related sales information.

**Table 2: Sales of plan vivo certificates**

<b>Vintage</b>	<b>Name of purchaser/source of funds</b>	<b>Number of Plan Vivo Certificates purchased</b>	<b>Price per Certificate (\$)*</b>	<b>Total amount received (\$)</b>
2010	United Bank of Carbon	550		

**\* Pricing information has been removed by the Plan Vivo Foundation**

## 3.0 MONITORING RESULTS

The project has conducted monitoring of all the producers for the first monitoring period with a monitoring target of “**at least 50% of plot established**”. These producers whose credits are being put forward herein for certificate issuance, have met the above monitoring target and their detailed profile is presented in Appendix 1 in a table that has been designed to capture cases where a single producer has more than one technical specification.

#### 4.0 APPENDIX

**Table 4.1** Profile of forward-purchased Plan Vivo Certificates

Number	Name of producer	Location	TECHNICAL SPECS, AREAS AND tCO <sub>2</sub>										Total tCO <sub>2</sub> offered
			DSI		BP		W/LOT		CITRUS		MANGO		
			Area (ha)	tCO <sub>2</sub>	100m units	tCO <sub>2</sub>	Area (ha)	tCO <sub>2</sub>	Area (ha)	tCO <sub>2</sub>	Area (ha)	tCO <sub>2</sub>
