Part A: Project Update

A1 Explanation of recent developments

- See full Annual Report 2014 for project update.

Part B: Plan Vivo Certificate Interim Issuance Submission

B1 Contractual statement

- This issuance is based on signed PES agreements with participants complying with all the minimum requirements stated

B2(a) Issuance request for projects where issuance is made on the basis of new land being added to the project (e.g. woodlots, calculated *ex-ante*)

Part C: Plan Vivo Certificate Interim Issuance Submission

C1 Sales of Plan Vivo Certificates

- Provide details of all sales of PVCs (from unsold stock of previous vintages) since the last Annual Report in table 4. On a separate line, include any forward sold certificates associated with the current issuance request for immediate delivery. There is no need to include forward sales of PVCs for vintages expected to be issued in subsequent annual reporting cycles.

Pricing information is for internal monitoring purposes only, and is not publicly available

Part D: Monitoring results

Monitoring results should be presented in a way that shows what the monitoring target (or 'performance milestone') is for the *plan vivo* being monitored, whether it has been achieved successfully, and the contribution of each *plan vivo(s)* to the overall ER's being requested for issuance (that are detailed in tables 1-3)

D1: Ecosystem services monitoring

- (a) Provide monitoring results **for any new *plan vivos*** (for which Certificates are to be issued) in Annex 1.

Any changes to the monitoring plans or protocols of the project should be reported in Section A

Where plan vivos have been monitored unsuccessfully, provide a summary of reasons, corrective actions imposed and any other action taken (e.g. where payments have been withheld) in Annex 3

Additional information pertinent to the issuance request (see description on p.1) can be added as an additional Annex as required.
